Issue 54 - October 2019

## Local Development Plan 2 – Main Issues Report

The new [Main Issues Report \(MIR\)](#) has now been published - a key step on the path towards an updated Local Development Plan for the area. The MIR sets out a series of key priorities and preferred options for future development in East Dunbartonshire. Consultation is taking place between **Tuesday 15 October and Tuesday 10 December 2019**, with a series of drop-in engagement sessions taking place in the coming weeks.

You can have your say at the sessions and officers will be available to discuss any issues relating to the MIR or overall Local Development Plan 2 process. To access a copy of the report, find out more information and/or provide your views using our online questionnaire - visit [www.eastdunbarton.gov.uk/mir](http://www.eastdunbarton.gov.uk/mir)

Copies of the MIR and paper questionnaires are also available at Community Hubs and libraries.

Drop-in engagement sessions:

Location	Date	Time

Joint Council Leader, Councillor Vaughan Moody, said, "The Local Development Plan - which is currently in place - sets out the Council's long-term land-use strategy, illustrating where and how new development should take place. It also establishes those parts of East Dunbartonshire which should be protected from development.

"We are currently working on Local Development Plan 2 - which needs to be ready for 2022 - and the MIR is a key step towards that goal. Please take the time to get involved and help guide the future of your area."

Joint Council Leader, Councillor Andrew Polson, said, "East Dunbartonshire is a great place to live, work and visit, and we need your input to ensure we continue to prosper."

"Following extensive early public engagement between December 2018 and February 2019, the Council has looked at all the views submitted and identified a series of 'main issues' of change from the current Local Development Plan for our communities and planning policies. We now want to hear your views on these 'main issues'. Please get involved."

The document is supported by a series of background documents including an **Environmental Report**, **Monitoring Statement** and **Report of Consultation**. These can also be found on the [consultation webpage](#).

The closing date for responses is Tuesday 10 December 2019 (5pm).
