

My covid-19 vaccination appointment Kirkintilloch Leisure Centre

(Remember – you can take a parent or carer with you to your appointment)

You should turn up at the leisure centre no more than 5 minutes before your appointment

Walk through the entrance

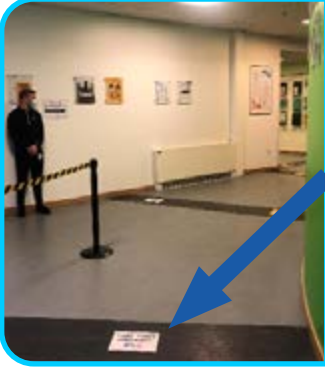

Here you can sanitise your hands

You will see staff wearing their 'EDLC' uniform

They can show you where to go

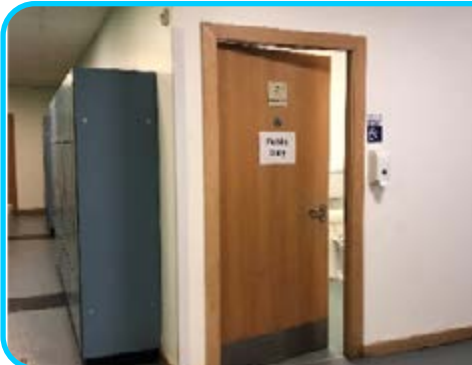

Follow the signs along the one way system

You can ask staff for help if you get confused

You will see a sign for the clinic

There are toilets to your right

Walk inside the clinic, you will see all of the tables

Go to the desk and tell the staff your name and date of birth

They will ask you to sit down until a table is ready

Then they will tell you which table to go to sit at

The nurse will ask you some questions
You can ask them for help if you are not sure what to answer

You will get an injection at the top of your arm

It might sting a little bit but it won't last long

They will ask you to sit on some chairs for 15 minutes before you leave

If you don't feel well then you should tell the staff so they can help

You can then leave through the emergency exit door next to the chairs

The alarm won't go off when you open the door

Well done, you just had your first Coronavirus vaccination!

You will need to come back for a second vaccination in a few months, but the same thing will happen again.
